

PROJECT SNAPSHOT

Client: Collyhurst Nursery School
Completion Date: May 2011

Collyhurst Nursery School

As many of our customers do, Collyhurst Nursery School returned to Pennine Playgrounds to complete the installation of another phase of their play area.

New timber pallisade fencing and sleeper steps up the retaining wall have created a whole new play space for the children to enjoy.

Den making poles add role play opportunities, whilst the new Flexiplay® wetpour safety surfacing with cycle track around the new timber planters allows them to charge around in safety.
