

PROJECT SNAPSHOT

Client: Hadrian's School, Newcastle upon Tyne
Completion Date: August 2010

Hadrian's School

This is an Ofsted 'outstanding school' that excels in meeting the special educational needs required by the Children who attend.

The school wanted to completely refurbish the internal quad to create an exciting and colourful play area to allow all the children to enjoy the space.

Pennine Playgrounds were commissioned to design and create this space and it has proven to be a fantastic success. The playground equipment was sourced from Kompan and the wonderful colour graphics were incorporated into the new play area using Pennine Playgrounds.

"Thank you for our new phase one playground" from Hadrian School website.
