

PROJECT SNAPSHOT

Client: Scarborough Council
Site Ref: Ingham Park, Sleights
Completion Date: March 2011

Ingham Park, Sleights

A design and build project to an existing play area unused by the public. The area has been completely refurbished and transformed into a vibrant and visually impacting play area.

The fantastic graphics in the wetpour add another dimension to the site and the challenging play equipment mean the children of Sleights will have hours of fun in their new park!

Images show: Team Pennine constructing the play areas & the finished product!
