

PROJECT SNAPSHOT

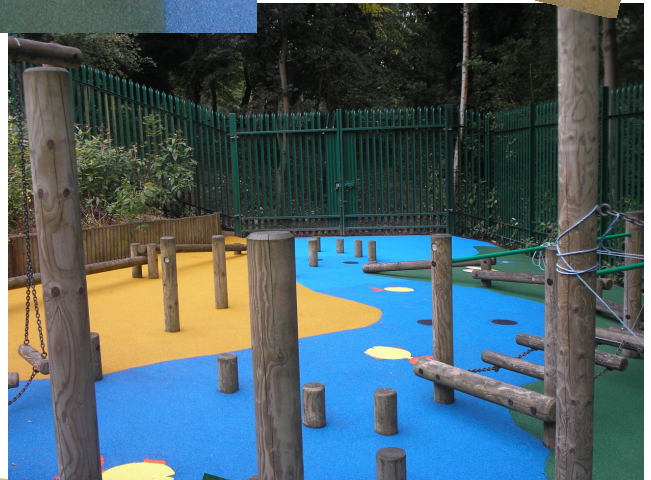

Client: St Phillips RC Primary School, Salford
Completion Date: October 2009

St Phillips RC Primary

New colour graphics have been incorporated into a fabulous new area of wet pour safety surfacing, bringing a completely new dimension to the play area for the children at St Phillips RC Primary in Salford.

Pennine Playgrounds have worked closely with Mrs Slack and her team for the past 10 years to evolve their play facilities with this latest phase of works including routine maintenance of their Multi Use Games Area surface.
