

PROJECT SNAPSHOT

Client: Sutcliffe Play
Site Ref: Waterlees Road Play Area, Wisbech
Completion Date: October 2010

Waterlees Road, Wisbech

In the summer of 2009, Pennine were delighted to be awarded the installation contract to deliver the National Lottery and Playbuilder 1M Pathfinder Adventure Playground, part funded by Aiming High, at Wisbech, for Cambridgeshire County Council and Sutcliffe Play.

This was a high profile site, with consultations with the local community. The works started in early 2010 and were completed in October.

As an install project, we worked closely with Sutcliffe Play the main contractor, to ensure the correct materials were sourced in order to meet the demanding schedule of works.

continued...

The end result is a fantastic, challenging new play area with areas for natural play, performance areas and seating, along with some of the most exciting play equipment on the market.

An innovative conversion of 2 full size canal barges into toilet and shower facilities and a community meeting room encourages those of all ages to come and enjoy the play area.
